

## Mr. Face

Ty Segall

Ooh I see the smoke to day off  
They say where they gonna lane  
The ball, ball up  
I'll been away  
Mr. Face sits right down  
He close his eyes and shut it down  
Shuts, shuts yeah shuts it down on 'em  
Open the books, see what you got  
It doesn't look like ou got a lot  
You need the money to be a man  
You need the money, do they understand?

Go to the shop  
Don't stop, until it drops

And when the sky shines it will be alright  
And when the sky shines it will be alright  
And when the sky shines it will be alright  
And when the sky shines it will be alright
