

Squealer Two

Ty Segall

Squealer man, feeling fine
Teething man, working all the time
Squealer man, feeling fine
Teething man, working all the time

Been a change in the parking street
It's the flavor that I like to eat
I see the priestess in her favourite chair
I'm the preacher want to drive you there

Feel the preacher open up your hand
He's your daddy gonna be your man
See the baby in your mommy's chair
It's your daddy

Feel your daddy in the priestess chair
That's your mommy, take her there
