

Take Care (To Comb Your Hair)

Ty Segall

Take care to brush your long hair
When you can't brush it any longer
It might just disappear

Sink, swim, breathe in the air
When you can't breathe it any longer
It might just disappear

Disappear
Disappear, oh, oh, oh
Disappear
Disappear

Take care about your short hair
It's not growing any longer
I guess it disappeared

It disappeared
It disappeared, yeah
Disappeared
It disappeared

Come on

Take care about your long hair
It's not growing any longer
I guess it disappeared
