

## The Fall

Ty Segall

It's high time  
That I spoke with you further  
It's a line  
That I made and I can't go backwards

We saw it all, the fall  
I will remember

You are right  
To breathe a little harder  
Yes, that's right  
It's just a little farther

We saw it all, the fall  
I will remember

We saw it all, the fall  
I will remember
