

There Is No Tomorrow

Ty Segall

Won't you come? Come away with me?
Won't you come? Come away with me?
If you say you'll always stay
Won't you come, won't you come, come away?

There is no tomorrow, we're all gonna' fry
You know it's true, I love you

Won't you stay? Stay away with me?
Won't you stay? Stay away with me?
If you say you'll always stay
Won't you come, won't you come, come away?

There is no tomorrow, we're all gonna' fry
You know it's true, I love you

There is no tomorrow, we're all gonna' fry
You know it's true, I love you

Won't you come? Come away with me?
