Wait

Ty Segall

Wait, before I go insane
Just reach out and touch my face
Wait, before I go in, too
Just reach out and put your hand in mine
Don't leave me in this place
If I slip, I'll fall forever

Wait, before I go insane
Just reach out and put your hand in mine

Why don't you, why don't you lay your head down?
Next to me, next to me, where the sand is powder
And we can go, and we can go there right now
To the place, to the place where the music's louder
To the place, to the place where the music's louder

They'll start to see, they'll start to see us dancing
All the places, all the places where the music's louder
And we can go, and we can go there right now
Dancing to, dancing to the song that's never over
Dancing to, dancing to the song that's never over
