Whatever

Ty Segall

Just like a baby
I will bend my knees
And wait for the orders
That you give to me

Just tell me, "Lay up on the floor"
So that I can do it some more
I'll be whatever you want me to be

I am your doggy
I sleep on your knees
I want to make your dinner
Pretty please

Just tell me, "Lay up on the floor"
So that I can do it some more
I'll be whatever you want me to be, oh

I'll be whatever you want me to be
I'll be whatever you want me to be
