Lost

tyDi

I'm lost when you're gone
I'll hate it when you go
Baby, won't you stay tonight?
You're my kryptonite
With you, I lose control
Baby, will you hear my plight?
Cause I

I fall down on my knees
And pray to the gods not to waste
Don't make your love be misplaced
Without it, I'm lost

Cause I won't trip, actin' like I don't need you
I want you right now, I don't care 'bout later
I bet you thinkin' you some kinda player
I'll shut it down, leavin' traces of my makeup cause
You keep fillin' me up, these dranks all in my cup
This beat loud, I hear it now, I'm shakin' all of my stuff
We on the left side of this club, so tough they can't see us
You got it now, I say you're proud, just give me all of your love
Meet me later

I'm lost when you're gone
I'll hate it when you go
Baby, won't you stay tonight?
Cause I

I fall down on my knees
And pray to the gods not to waste
Don't make your love be misplaced
Without it, I'm lost

Cause I won't trip, actin' like I don't need you
I want you right now, I don't care 'bout later
I bet you thinkin' you some kinda player
I'll shut it down, leavin' traces of my makeup cause
You keep fillin' me up, these dranks all in my cup
This beat loud, I hear it now, I'm shakin' all of my stuff
We on the left side of this club, so tough they can't see us
You got it now, I say you're proud, just give me all of your love
Meet me later

Without it, I'm lost
Without it, I'm lost

Cause I won't trip, actin' like I don't need you
I want you right now, I don't care 'bout later
I bet you thinkin' you some kinda player
I'll shut it down, leavin' traces of my makeup cause
You keep fillin' me up, these dranks all in my cup
This beat loud, I hear it now, I'm shakin' all of my stuff
We on the left side of this club, so tough they can't see us
You got it now, I say you're proud, just give me all of your love
Meet me later
You've got me lost
