

Talking To Myself

tyDi

You didn't notice
'Till you noticed I was gone
You didn't notice
I've been waiting for so long

It's the same old story
I don't need to read the end
I've been there, done it all with you
I don't want wanna go there again

I am talking to myself
Can you hear me above all this noise
Talking with myself
Can you hear me, am I getting through to you?
Can you hear me, cause I'm talking to you

Didn't need me to be in control
I didn't ask you to leave me alone
Don't say another word
Don't say another word
Don't say another word to me

'Cause I am talking to myself
Can you hear me above all this noise
Talking with myself
Can you hear me, am I getting through to you?
Can you hear me, cause I'm talking to you

Doesn't matter
My whole world won't shut down
Doesn't matter now
Doesn't matter what you say

I am talking to myself
Can you hear me above all this noise
Talking with myself
Can you hear me, am I getting through to you?
Can you hear me, cause I'm talking to you
