

First Girlfriend

Tydus

Hey, hey
This goes out to my first girlfriend!
You know who I'm talking about!
Okay!

Waking up, Gucci on my PJ's
You know what's up, gonna be a good day
Radio, got Tydus on replay
Balling in the hall, with the brand new J's
Baby caught my eye, looking so fine
Gotta make a move, gotta make it smooth
I think you're kinda cute, I think you're kinda cool
Come on over after school, really like you

Hey! Will you be my first girlfriend?
(Be, be, be my first girlfriend)
Hey! Will you be my first girlfriend?
(Be, be, be my first girlfriend)

Take you to the movies, take you to the mall
Going out to dinner, you can have it all
Rolling VIP, anything for free
Spend a couple G's, you're the only 10 I see

(My Girlfriend, my Girlfriend
First Girlfriend, Be my girlfriend)

Jasmine, I could be your genie
Take you on a ride in my mini Lamborghini
Easy, give you all my love, I'm not greedy (Nope)
We can take it slow, not speedy
Excited for the date, I gotta tell Jake
I'll pick you up at 8, you're the peanut to my butter
Star to my burst, the mac to my cheese
Piano to my keys

Hey! Will you be my first girlfriend?
(Be, be, be my first girlfriend)
Hey! Will you be my first girlfriend?
(Be, be, be my first girlfriend)

Take you to the movies, take you to the mall
Going out to dinner, you can have it all
Rolling VIP, anything for free
Spend a couple G's, you're the only 10 I see

Lemme, lemme love you girl!
Lemme, lemme, lemme be your world!
Lemme, lemme, lemme be the one!
Baby, baby, let's have some fun!
