

When Ya Young

Ty Dus

I'm back again, and this a bop, it's for the summertime
You know I'm dancing, when the music hits I start to rhyme
And every day I'm getting better, yeah, you know that I'm
Just growing up, and there's no mountain that I cannot climb
Everyone around me, they say they believe in me
They know I'ma get myself a Grammy, guaranteed
They shouting all the letters of my name like spelling bee
Every morning in the mirror, only ten I see

Jump in the pool, summertime fun
Splishing and splashing, hit a home run
Eat some barbecue, then fall in love
Nothing else to do when ya young
Hands high, raise your hands high
Must be a pilot, cuz I'm so fly
Eat some ice cream, then fall in love
Nothing else to do when ya young

And I'm one of a kind, every day I'm on my grind
I got that Gucci on me, look too good, I should be fined
And if you looking for me, with the fam is where you'll find me
They always looking out for me, I keep my peace of mind, yeah
You know I'm headed to the top
I'm chasing all my dreams, and there's no way that I'ma stop
I got this in my genes, it's like I'm Kobe, I can't flop
And I'm only making hits, I'm making bangers, making bops
Yeah, I'm always out to get the better things
I'm only ten, but it's clear that I'm truly better than
Many of these rappers, and I'm only getting better, got the medicine
The name is Ty Dus, yeah, you can't forget it
It's like I'm Midas, if I want the gold then I'ma get it
I'm always real, there's no one like me, yeah, I'm never faking
And every day I'm chasing dreams from the time I'm waking
Up in the studio, cooking like a chef, I'm baking

Jump in the pool, summertime fun
Splishing and splashing, hit a home run
Eat some barbecue, then fall in love
Nothing else to do when ya young
Hands high, raise your hands high
Must be a pilot, cuz I'm so fly
Eat some ice cream, then fall in love
Nothing else to do when ya young

One, two, me and my crew
Three, four, time to explore
Five, six, fresh new kicks
Seven, eight, I'm gonna be great
One, two, me and my crew
Three, four, time to explore
Five, six, fresh new kicks
Seven, eight, I'm gonna be great

Jump in the pool, summertime fun
Splishing and splashing, hit a home run
Eat some barbecue, then fall in love
Nothing else to do when ya young

Hands high, raise your hands high
Must be a pilot, cuz I'm so fly
Eat some ice cream, then fall in love
Nothing else to do when ya young
