

# All For You

Tye Tribbett

(It's all for you)

Woo

(It's all for you)

Woo, yeah

(It's all for you)

I've seen the world, none of it compares to you

I can't deny it, without you I won't make it through, through

'Cause I see you, you see me, more than what these people see

You looked at the worst in me, and still loved me (still loved me)

You can change the night to day, make my problems fade away

Fixed the mess that I have made

What can I say, what can I do

To show you that I'm all for you?

There's nothing to hide, there's nothing to prove

To show you that I'm all for you

I'm all for you

I'm all for you

I've spoken many words, they've sounded so absurd

To think I gave you part of me when all is what you're worth

And now I'm standing here, waiting to face all my fears

To show you I belong to you, and nothing else compares

'Cause I see you, you see me, more than what these people see

You looked at the worst in me, and still loved me (still loved me)

You can change the night to day, make my problems fade away

Fixed the mess that I have made

What can I say, what can I do

To show you that I'm all for you?

There's nothing to hide, there's nothing to prove

To show you that I'm all for you

I'm all for you

I'm all for you

I know you in the dark when my heart is blind and searching

Rip me all apart then back together like a surgeon

Kinda like a single mom 'cause she was always working

Just to make the better life for me so I ain't hurting

Now I'm back to business

So first I'll be your witness

Your loves got me tripping

Brand new life I'm living

Enjoying every minute

You gave everything for me

And now it's time I give my all for you

What can I say, what can I do

To show you that I'm all for you?

There's nothing to hide, there's nothing to prove

To show you that I'm all for you

I'm all for you

I'm all for you

(It's all for you)
