Tyga

[Chorus:]

Open Your Eyes Eyes In The Dark Dark...  
Clear Your Mind Mind Clear Your Heart Heart...  
To The Skies Skies And Beyond Yond...  
You Are Now Listening To Black Thoughts...  
Open Your Eyes Eyes In The Dark Dark...  
Clear Your Mind Mind Clear Your Heart Heart...  
To The Skies Skies And Beyond Yond...  
You Are Now Listening To Black Thoughts...  
Thoughts

[Verse:]

Uh Middle Finger Fuck Your Lights  
Look In The Mirror See Your Image Twice  
They Turn My Fog On Stage Lights  
What's About To Go On? On Me Tonight  
Hoe Sight To See Them Lifesize  
Niggas Hating On it Bet That Niggas Close By  
EchoeThe Lullabys Sing At Your Funeral  
Send His Momma The Bills  
I'm Reading My Fanmail  
We Be Aiming Bitches On My Handheld  
So Sick Of Lyrically Murdering Tracks Roadkill  
So I'll Wear Fur Like Frank Bear  
Tel-Tell HerLick My Dick  
Like Powder Blue Kiss  
Who Knew This Kid  
Blow Up To Be This Big  
Pulling Up In Benz Looking At My Crib  
My Twitpic But No Camera Lens  
I Live In The Moment Sound Reminence  
Bitch

[Chorus:]

Open Your Eyes Eyes In The Dark Dark...  
Clear Your Mind Mind Clear Your Heart Heart...  
To The Skies Skies And Beyond Yond...  
You Are Now Listening To Black Thoughts...  
Open Your Eyes Eyes In The Dark Dark...  
Clear Your Mind Mind Clear Your Heart Heart...  
To The Skies Skies And Beyond Yond...  
You Are Now Listening To Black Thoughts...
