Dubai drip on my Dubai  
She got a wobbly wobbly wop  
She got a wobbly wobbly wop  
Sahara  
Metro Boomin want some more, nigga

Dubai drip on my Dubai shit  
In-mashallah marshmallows on my wrist  
Buggati on the strip  
On sight bitch get in  
Billionaire club  
Got some billion dollar friends  
T-sticky I get tricky, with mathematics  
69 told the bitch throw the ass backwards  
Lil Pump take your lip like asthmatics  
Snow bunny see the hole fuck a jack rabbit  
Pat paddick paddick playing Patek addict  
Hair long afro Kaepernick  
Billie Jean, the kid mine can't, call it  
If I take another shot I'll be alcoholic  
Sick tonic  
Throw it up dissect all this  
Know some  
Secret shit that'll end all this  
But that's off topic  
Your old shit can't top it  
Your new shit, washer  
Too many diamonds on can't mosh pit  
None of my diamonds treated  
Diamonds all anemic  
Who's this car behind me?  
Gotta take the scenic  
Even though we don't speak much these days  
It's still young money til the day i'm cremated  
Shit brazy  
Oops I mean this shit crazy

Fuck you pay me  
Guess it's business baby

Okay I get so busy yeah  
Hoes get so dizzy yeah  
Tried to let her go  
But the hoe like a frisbee uh  
What you know about a milli on the schedule?  
Everyday I flex it's hard to keep my schedule flexible

Got a milli on my schedule  
Send five to the city on my schedule  
Pretty bitch ass and titties on my schedule  
Switch up, that's some shit that I would never do  
I'm never gon' change, yeah

They call me King Gold Chains, yeah  
I need my gold chains, yeah  
I need my gold rings, yeah

But I'm too busy  
Got a milli on the schedule  
You just put a quarter in, shit i'm on level two  
Fucking up the game, aye, shit is getting sexual  
She want to put a real nigga on the schedule  
High on the pussy that's an edible  
Hardcore T-raw ain't nothing edited  
Money on the seesaw both sides levitate  
What's on your schedule?

Battery pack boy you're

All this cake it's time to celebrate  
Tel em' wait (Hold up)

All I do is work you can check my resume

Okay I get so busy yeah  
Hoes get so dizzy yeah  
Tried to let her go  
But the hoe like a frisbee uh  
What you know about a milli on the schedule?  
Everyday I flex it's hard to keep my schedule flexible
