

Forever On Fire

Tyga

I'm forever on fire, forever on fire
These young niggas living like they ready to die, forever on fire
Pop a little, baby
I'm rich and them girls crazy
I'm rich and them girls crazy
No whippin', I'm going brazy
I flip it, this so crazy
Crazy about the mula
Fire, you try to play me
Fire, you try to play me
You streamin' a million times but don't ever try to play me

I'm forever on fire, forever on fire, baby
Forever on fire, forever on fire
Forever on fire, forever on fire, baby
Forever on fire, forever on fire
Forever on fire, forever on fire, baby

Girl crazy
Saint Laurent and the cream Mercedes
She call me baby
I be stunnin' but you gotta pay me
Streets raised me, crazy the whip's insane lately
Pussy got my mind hazy
Light up the Mary Jane
Bless, no complaining (Forever on fire, forever on fire)
Campaign and I'm a fashion statement
Moving state to state, here
One night only baby
Don't wanna be your lover, I ain't tryna play you
Play pretend, you know sup
My diamond's on a glow up
I'm so high up, I can't look up (fuck)
I love it, we thugger when we're in public
I touch it, you get the hummin'
You bussin', you catch 'em look at my lady
(Forever on fire, forever on fire)
Not ready to die, we got way more time
I'ma light one, like 4 days in July
Let that motherfucker burn

I'm forever on fire, forever on fire
These young niggas living like they ready to die, forever on fire
Pop a little, baby
I'm rich and them girls crazy
I'm rich and them girls crazy
No whippin', I'm going brazy
I flip it, this so crazy
Crazy about the mula
Fire, you try to play me
Fire, you try to play me
You streamin' a million times but don't ever try to play me

I'm forever on fire, forever on fire, baby
Forever on fire, forever on fire
Forever on fire, forever on fire, baby
Forever on fire, forever on fire

Forever on fire, forever on fire, baby

Sun gon' shine, sun gon' shine

Bitch nigga, get on your job 'cause I'm on fire

Pool on the rear she wanna lay out an tan

Pulled up in the coupe, but I hopped out in Vans

You ain't feeling me you ain't real to me, you don't exist

So poof, vamoose son of a bitch

I'm forever on fire, forever on fire

These young niggas living like they ready to die, forever on fire

Pop a little, baby

I'm reaching them girls, crazy

No whippin', I'm going brazy

I flip it, this so crazy

Crazy about the mula
