Tyga

[Hook x2: Tyga]

I say hush little baby baby, gotta lay my mack down  
One real nigga bitches know my background  
Bring me all, all hundreds how does that sound  
World around town, bitch I lay my mack down

[Verse 1: Tyga]

Sipping on some sizzurp, chilling with some white bitches  
Cause they richer bitches, run the game  
Pitch it, I'm a catcher  
I'm a pimp up under pressure, leave my money on the dresser  
Shut the fuck up, start undressin  
I ain't usher, stop confessin bitch  
Tools in the air, five dukes of that  
Old Cadillac shit, tire on the back  
For the whoopy woop woop, ass superfat  
I'm ahead of these niggas, I skipped a beat; Heart Attack  
Tuck your diamonds in, I'm shining, what I blind you in  
No time to eat for you, I call that Ramadan a rapper shit  
You like a virgin to the money, call that that Madonna shit  
T-sacchi when I'm dressing, stepping on them speaking bitch

[Hook x2: Tyga]

Money over bitches, nigga you get money out the ass. (Mhm)  
Balling, spending just for fun, I think I'll cop a Lambo  
Twenty hoes, a hundred racks to Vegas just to gamble. (You know it!)  
Hope you ain't going broke, trying to keep up with me. (Yessir!)  
Yo baby my head is dumb, I call that ho CDC. (That bitch!)  
Cash is tall for me, you need cash to talk to me  
And that cash keep coming, like that cash be stalking me  
Niggas be saying they get money, just because they got a mouth. (Hell

Jacksons, Grants, and Franklins, Louie duffy got a larger mouth. (You

You haters falling off (Bitch!), I'm still getting paid. (Bitch!)
