

Pain

Tyga

Deep in my heart
Got me this far
Follows me in the dark
So I copped the new car
Washed down my thoughts
Makes me feel nause
This lifestyle brought
I'm in so f-a-r

First off let me clear this up
This was never your dream
Now this is what you want
This life just ain't reality to me
Being a star is how I breathe
But you don't wanna let me succeed (why)
Now there is people after me
Low key I ride
No high key tires, low pro
There go Tyga dey know
Every verse I flow
Times two his flow so cold
Dey knew, so they stuck around
Like bubble gum on shoes
Waiting patiently for the food
How many can you feed with one spoon
Got damn nigga let me tie my shoe
I just wanna be in the game and run too
Fall back! relax ma nigga
And I'll lace you
And take you to a place you can only dream
This industry shady
So I keep it real on the daily
Tyga man I was your friend, now it's

Deep in my heart
Got me this far
Follows me in the dark
So I copped the new car
Washed down my thoughts
Makes me feel nause
This lifestyle brought
I'm in so f-a-r

Yeah
Pain is pressure that never intended to get a nigga like me
Ha-ha that's what I feel pain is
How come when someone betters they self they run
And tell someone else
He ont help, he ont care
He for self fuck his wealth
That's how I feel
When I'm performin' on the stage
This shit just fills my rage
Shout out to rage
He said "fuck what they say!"
Let the haters hate cuz now I'm paid
Coconut juice you was there too

Coconut juice in the booth
Youtube, Youtube can't witness the truth
I've been doin' this with or with out you niggas
Tyga I will not house you niggas
I will shit on you boys in house shoes niggas
I was your voucher
Should of kept your mouth shut niggas
You could of had cheese
You mouse ass niggas
...
