Tyga

That Sheikh talk

Sheikh talk

Ha

Uh, left Dubai on a high note

Spent a million on myself, bitch, I'm goals

Niggas try to slide on me but I never froze

In the club 'til it close like Diplo

Outside and I'm post like fieldgoals

Big rings like a nigga won the SuperBowl

Vegas two-story suites, I'm at the top floor

I'm in town for one night, let's link, ho

(Chalta raha hun idhar udhar) Yeah, let's link, ho

Hot nigga, she gon' blow me like Niso

Twenty thousand ones, left it at the Rhino

(Teri taraf chala gaya) But she like lino

Hoes still ain't loyal but what do I know?

Ayy, I can count the money with my eyes closed

Crypto millions, sittin' on a iPhone (Chalta raha hun idhar udhar)

Yeah, whole team winning, that's your loss

She left you for a baller, that's your fault (Your fault)

Move, bitch, let the money walk (Walk, chala gaya)

You wanna be a boss but you all talk (All talk, chalta raha hun idhar udhar)

Three girlfriends and they all hot (Hot)

Like a Flintstone, still make the bed rock (Bed rock)

Move, bitch, let the money walk (Walk, chala gaya)

Bitch, I'm a boss, that's Sheikh talk (Chalta raha hun idhar udhar)

She left you for a baller, that's your fault (Your fault)

Don't need complex, it's the simple things

I been cookin' twelve years, still sizzling

I don't tryna ying-yang, twins whistling

I can hear snake niggas still hissening

In the Maybach, yeah, I'm back, mama

Papi in his bag, and it's all Prada (Chalta raha hun idhar udhar)

Lotta Dre beats, but she on a pill

She gon' leave the UK, summer in the Hills

I might fuck her on the Phantom, cummin' on the grill

A bitch don't drive me, don't even touch the wheel (Teri taraf chala gaya)

I'm in the FR, Ferrari, for real

And my new girl kinda like a big deal

Give me head for my headache, Advil

And she say she'd never do it but I know she will (Chalta raha hun idhar udhar)

Yeah, whole team winning, that's your loss (Loss)

She left you for a baller, that's your fault (Your fault)

Move, bitch, let the money walk (Walk, chala gaya)
