Yeah, pop that ass, drop that ass, get that cash
Make that bag, make it splash

Swallow the drink and she sipping it fast
Press on your bitch and I press on the gas
My bitch bad, body bad
She bounce on my dick and she do it no hands
Fuck up the ceiling, I'm throwing up bands
My bitches is naughty and grimy, they step on a nigga and make a deposit
They beam up scotty, they always beside me
The Glock is my homi, boy, don't you remind me, bitch
Wait, all in my face
I need a break, gotta escape
She call me Superman, no cape
Hit it once then I skate, bitch

Hey, we want some pussy
Hey, we want some pussy
Let me hear you say, hey we want some pussy
Hey, we want some pussy
Let me hear you say
Yeah, pop that ass, drop that ass, get that cash, bitch
Bounce it fast, make it splash, make it splash, bitch
Make it splash, make it splash
Make it splash, pop that ass

Gon' do it off the rip but she get wetter when I beg for it
Backshots 'til she tap out, arch her back and push her head forward
Fucked her 'til her nigga got off work, snuck out when he wasn't looking
He like, "Baby, why it smell like badussy?" Booty, dick, and pussy
I'm closer to a pimp than a simp
Big racks make me walk with a limp
That's your bitch for now she a temp
Seen me popping shit and flipped the script on you
Want her a nigga right now with some different type of money
Take her somewhere out the country
Made her nut more than twice, she hired for life
Now eat me like you got the munchies
Twerk like she need to be fucked good
Yeah, she want ooh, ooh
You can tell her last nigga didn't lay wood
Got her out here looking for a good jugg
Let me hear you say

Hey, we want some pussy
Hey, we want some pussy
Let me hear you say, hey we want some pussy
Hey, we want some pussy
Let me hear you say
Yeah, pop that ass, drop that ass, get that cash, bitch
Bounce it fast, make it splash, make it splash, bitch
Make it splash, make it splash
Make it splash, pop that ass
Make it splash, make it splash
Make it splash, pop that ass
