

Stop Accusing

Tyga

Ah

City lights dark shades with my vision light
Salute Moet with glass got me feeling right
Do not miss ice, all I need ms right tonight
Too clean one beam I ain't finna fight
One hit probably in a life. Life just cold, hell, so I bring the fire
Almighty in the sky, no this ain't angel eyes
Eyes must say pelican fly, fly, must oblige. I give text, she read, reply
Some good sex after this thinking in my mind. Took a look at the time
Sweet 10:25. Meet me, couple drinks, eat, no Ramadan
Bed spread. Take the covers off
Drag your ass on the comforter, Dracula, get to sucking on
Uck you from behind, fuck you hard, fuck that other sucker ma
Blood rush through your thighs like you're running around
It's finna get wild while I beat it like a problem child
Probably deep down world pussy treasure found
I'm thinking two more rounds I'mma tap out
But I ain't let it out... it's getting wetter now
She need a paper towel. Don't pull it out
Ah like your smile

Answer your phone. Hello? (wuddup)

Pick up your phone. Are you cheating?

(Are you cheating on me) answerable

You're wrong. (I think you're wrong) I've been with you this whole weekend

Stop stop. Stop stop stop accusing. Stop stop

Stop stop stop accusing. Stop stop. Stop stop stop accusing (damn she make me wanna lose it)

Stop stop. Stop stop stop accusing. Stop stop. Stop stop stop accusing

Stop stop. Stop stop stop accusing (damn she make me wanna lose it)

A couple months pass and I'm still in that ass

Every day we in the sheets like the Klu Klan

Next in the streets, arguing, she think I cheat

Just 'cause I'm busy? I just think she love me

But she don't wanna be in love

'Cause all her friends tell her remember how that nigga was?

And things that he done, to each and every girl?

Just imagine on tour a bunch of bitches shut up!

They don't know shit about us, famous

I can pay them to play naked. Can I

Watch a stripper put dollar bills on her anus. Angry

I'm just keeping it real, don't you hate it?

What I'm saying, is that ain't me

We can get away while their aiming

Sea shores relax like you fainting but it's like the world changing

And you changing with it. But I don't wanna waste your minutes (minutes)

Because every moment's precious (precious)

Look at all the shit we blessed with

Benz's, houses, necklaces, correct me if this isn't what you wanted

I like to see us peaceful in the public

Hugging. People like look at that couple

But you don't wanna none of it so fuck you and fuck it
