

# Too Much

Tyga

D.A. got that dope

I been drinkin'  
I had way too much  
And I'm mad that you wrong, don't give a fuck  
Blowin' up your phone, hit me up  
I-I don't like them bitches  
All I see is us  
And my diamonds all litted up  
Cash in my lap, pick it up

Yeah, we had the Goyard I lit it up, yeah (Lit it up)  
Cartier rings, pick it up (Yeah)  
Sometimes I don't trust your love  
Why you always interrupt? (Yeah)  
Judgin' in the back of your whip, hold up (Hold up)  
I just pull up at events, showin' up (Showin' up)  
Five, four, three, two, one, now I'm done  
I can't talk when you on Patrón (Patrón)  
And you all litted up (Litted up, littled up)  
She just won't give it up (Give it up)  
I can't trust what you be on  
You just only want my love

I been drinkin'  
I had way too much  
And I'm mad that you wrong, don't give a fuck  
Blowin' up your phone, hit me up

My mind on the pace  
Quarter milli days  
Add it up, count it up  
Throw it in her face
