

Yeah  
This shit feel nostalgic, like, you know?  
Ha

Okay, okay, feel like the underdog  
I just can't fuck with y'all  
In the stars, double R  
Fashion shows, showin' off  
Countin' money 'til I'm dozin' off  
She give me brain like a know-it-all  
I told her friend, "Come get involved"  
Been in the studio playin' it back  
They talk too much, they could stay in the back  
I heard your raps and I know it ain't fact  
A life without drama, I'm prayin' for that  
Prayin' for that  
Oh, your friend comin', I'm stayin' for that  
Family around me, not playin' 'bout that  
Gave you advice, now I'm takin' it back

Know I'm YM, I should, ayy  
Know I'm YM, so I stay with the MAC  
She on my body, she way too attached  
I hate to tell a bad bitch to relax  
For real, ayy, ayy  
I hate to tell lil' baddie to chill  
She said she ain't ever been in the Hills  
She said she ain't met a rapper that's real  
Okay, yeah, ayy  
Vegas just went did a resident  
Jump off the plane like the president  
I been here so long, it's a testament  
All around the world gettin' paper  
No wonder why they try to test the kid  
Took a lot of work to get this shit  
I just sit back and reminisce

Okay, okay, feel like the underdog  
I just can't fuck with y'all  
In the stars, double R  
Fashion shows, showin' off
