

Bury The Hatchet

Tygers of Pan Tang

Times like these I can't stand the day
I'm feeling knocked down no chance to get away
Sad and lonely out on the streets
Searching for answers there's no friend I can meet

Time for me to find
Somewhere I can live my life
Time for me to find
Reasons for to change my life

Trick or treat that's what it's all about
Follow the rules but no time for doubt
Need for time 'm feeling in between
Look in the mirror don't like what I see

Change my life - Change my life - Change my life

Times like these I can't stand by day
I'm feeling knocked down no chance to get away
Sad and lonely out on the streets
Searching for answers there's no friend I can meet

Well it's time to call it quits
No more regrets I know what I need
Bury the hatchet farewell to the past
Got my new life I'm free at last

Change my life - Change my life - Change my life
