

## Down and Out

Tygers of Pan Tang

Hey mercy please, on my knees, Can you come around now?  
Don't delay, can you stay? Got things to talk about.  
My love's all gone, I've been wronged, can you help me?  
As a friend, you always said, I'd meet a bad end.

Oh baby, I'm down and out again,  
I'm so down, down down and out.

Saw an unaccompanied girl, such a girl as I've known before,  
I took a risk, come to this, ain't got no more love,  
So anytime, I can't find my peace of mind,  
Who can I blame, I'm ashamed, nothing to my name.

Oh baby, I'm down and out again,  
I'm so down, down down and out.

I wanna see, I wanna feel some security,  
Must make a start, change my part, in history,  
You know the score, told me so, but we make mistakes,  
I was paid for the ways that I carried on.....

Oh baby, I'm down and out again,  
I'm so down, down down and out.
