

Glad Rags

Tygers of Pan Tang

You've had all week to think about
What ya gonna do now the weekends coming
Can't wait to scream and shout
Let it all out get your motor running
Nightlife drives you wild
Have a good time spend a lotta money
Wildcat, know where its at
Tough at the top that's the bottom line honey

Woah woah woah woah - yeah
Do what ya wanna do, yeah what ya wanna do
Woah woah woah woah - yea

Put ya glad rags on - show them all, show them all
Put ya glad rags on - show them all

You've had all day to think about
What ya gonna do when the day job's over
(You know she) Can't wait - gotta get out
Gimmie those high kicks over and over (and over and over)
Street life out there's cookin'
Show 'em what ya got - high heel struttin
(She's a) Lean, mean, dream machine
Midnight strikes - a heartbeats pumping

Woah woah woah woah - yeah
Do what ya wanna do, yeah what ya wanna do
Woah woah woah woah - yeah
Ya put ya glad rags on - show them all, show them all
Put ya glad rags on - show them all
