

Never Satisfied

Tygers of Pan Tang

I met her in a night club looking so obscene,
I never seen a woman move like her before,
I need it, could you believe it, is what she said.
If you wanna play, then come my way,
I'll show you lots of things, you've never done before,
I swear, I declare, she took me by surprise.

She's never satisfied, never satisfied, I know cause I tried,
She's never satisfied, she's one of a kind,
She's never satisfied, she's got bites,
She's never satisfied, never satisfied, I know cause I tried.

So I went back to her trendy flat,
I didn't know what I had let myself in for,
My oh my, it ain't no lie she wanted more and more,
She said I got this fire its called desire,
You started the flames, now you must put them out for me,
Oh baby I ain't lazy, but I've nothing left to give.

She's never satisfied, never satisfied, I know cause I tried,
She's never satisfied, she's one of a kind,
She's never satisfied, she's got bites,
She's never satisfied, never satisfied, I know cause I tried.

When she let me go I crawled back home,
The phone started ringing, it was her again,
'Hey honey do you love me?' is what she asked,
So come round tonight for another bite,
You can't imagine how I felt, after the night I spent,
Oh baby, I can' take anymore.....

She's never satisfied, never satisfied, I know cause I tried,
She's never satisfied, she's one of a kind,
She's never satisfied, she's got bites,
She's never satisfied, never satisfied, I know cause I tried.
