

Rescue Me

Tygers of Pan Tang

He knows where you're going see's what you've seen
Watching your every move gets inside your dreams
He knows where to find the future by following the past
Time takes its toll down so many roads he took a wrong turn no
no no

What about sacrifice
I'd give everything up for you
What about sacrifice
I need you to do things I do

Won't you rescue me - Rescue me
Won't you rescue me - Rescue me
Won't you rescue me - Rescue me
Before it's too late

Endless obsession with the one that he chose
His priceless possession who nobody knows
He knows just what he's doing how long his game will last
Days turn into nights endless confusion he took a wrong turn no
no no

What about sacrifice
I'd give everything up for you
What about sacrifice
I need you to do things I do

Won't you rescue me - Rescue me
Won't you rescue me - Rescue me
Won't you rescue me - Rescue me
Before it's too late
