

# Understand Me

Tyla Yaweh

She said them red bottoms fuck up her toes  
She ungrateful, I drip her down in the clothes  
Plus her energy take me from high to low  
When she finally get it I gotta go

She said she cannot stand me  
I take another bitch out to Miami  
Think she know but she don't understand me  
I'm asking if she okay, are you Annie?

Look, I see the lil mama on that fake shit  
Only fuck a nigga 'cause you heard he famous  
I ain't spending no more racks, I'm gonna save it  
Can't leave these diamonds out I know she gonna take it  
Mixed freak all for pleasure out in London  
I don't trust this bitch so I slipped on a condom  
Yeah I beat the pussy up into a coma  
And now she acting like I own it, it's a loaner  
She mixing emotions like alcohol  
Don't blame it on me 'cause I'm not involved  
She call me when my money getting tall  
That's a problem, my nigga, not tryna solve

She said she cannot stand me  
I take another bitch out to Miami  
Think she know but she don't understand me  
I'm asking if she okay, are you Annie?

Look, I got a jet so I just leave her in the dust  
She complaining I haven't seen her in a month  
She said she wanna go to Disney, give her lunch  
Don't pick her up, I tell her meet me in the front  
I think she cap, she mad as shit  
I'm only pointing out the fact she acting slick  
She only fucking with my bank, my stock is lit  
She tryna spend my racks but I am not a trick

She said them red bottoms fuck up her toes  
She ungrateful, I drip her down in the clothes  
Plus her energy take me from high to low  
When she finally get it I gotta go

She said she cannot stand me  
I take another bitch out to Miami  
Think she know but she don't understand me  
I'm asking if she okay, are you Annie?
