

Ain't this what you came to see?
Let me be your muse
I'll inspire you
In ways you won't believe
Fifty shades and hues
Tailor-made for you

Draw me in, look at what you started
Good with your hands, can you paint my body?
Go 'head and brush up on me
Baby, when you want it, sign it, dot it

I'll be your piece
I'll be your peace
I'll be your piece
Your A-R-T

Study my face, frame, put me on the wall
Above the staircase, if you show me off
I'll be your piece
Your A-R-T

Fresh out the gallery
Can you handle me?
Handle me carefully
I'll be yours to keep
I'm your centrepiece
Make the canvas speak

When you draw me in, look at what you started
Good with your hands, can you paint my body?
Go 'head and brush up on me
Baby, when you want it, sign it, dot it

I'll be your piece
I'll be your peace
I'll be your piece
Your A-R-T

Study my face, frame, put me on the wall
Above the staircase, if you show me off
I'll be your piece
Your A-R-T

I'll be your piece
Your A-R-T
