

DYNAMITE

Tyla

Banger with the rhythm, dance to the beat
Keep that thing before you live on it
'Cause you will make a better maker dim, better maker
Banger with the rhythm, dance to the beat (Dum-dum-dum)
Keep that thing before you live on it (Deep)
'Cause you will, yeah

Why don't you bring on my way?
Hold me 'round my waist
We can take it slow, baby, you control the pace
The way I rotate, baby, that's a little taste
The way I rotate, I'ma put you in your place
Bad gyal, no delay
Baby, less shit
I don't wanna stop, baby, I don't need a break
For the rotate, you know I don't wanna wait
We can go late, make my body celebrate

I just wanna back it up on beat
Sing your name in key
I know what I want from you
You know what you want from me
I just wanna back it up beat
Sing your name in key
I've been waiting hard and all week
So tell me where you wanted me to be, oh, yeah

Freeze at your back
The way I like it, can't deny it
Your body bang like dynamite
You the feeling, you're kinda nice
See me eye to eye
We go back to back
We go night to night
Body on it, dynamite
Take it to my poison, we can finalize

Backstroke on it, swimming in the kitchen in the bus
Do everything to me, my baby, don't stop
You don't even need my consent, killing me, babe
I just want a likkle bit of your time, making this, oh
Everyday, tonight, take a drunk call on you
You can call me every time you want more (Mm, mm)
Move that thing, come rest on me now
I get the candy, way gon' make you bend for me now
All night, baby, all night, bend your back all night, hold my hand
Now you been making a nigga fantasize
I be done and all your real and I
It's alright, real life
Come on time, you're my ride

I just wanna back it up on beat
Sing your name in key
I know what I want from you
You know what you want from me
I just wanna back it up beat
Sing your name in key

I've been waiting hard and all week
So tell me where you wanted me to be, oh, yeah

Freeze at your back
The way I like it, can't deny it
Your body bang like dynamite
You the feeling, you're kinda nice
See me eye to eye
We go back to back
We go night to night
Body on it, dynamite
Take it to my poison, we can finalize

Move that thing, come rest on me now
I get the candy, way gon' make you bend for me now
All night, baby, all night, bend your back all night, hold my hand
Now you been making a nigga fantasize
I be done and all your real and I
It's alright, real life
Come on time, you're my ride
Freeze
