Tyla

Original girl, you aren't a replica (No)  
Smooth, clean, no regular degular (No)  
Pretty for real, and pretty pon my cellular (No)  
Mi know say ya hot (No)

They never had a pretty girl from Joburg  
See me now, and that's what they prefer  
I don't touch no wheel 'cause I gotta chauffeur  
First class how I get 'round the world  
Just miss me with the drama  
Unless ya comin' with the commas  
Double it up  
Oh, DJ turn the sound up  
'Cause we bout to pour the rounds up  
Tell 'em double it up

From Jozi to Ibiza  
They say it doesn't get sweeter  
Feel my body banging like speaker  
Ooh, sweating out my concealer  
Skin tight, no millimeter  
And my face card make 'em feel weaker  
But you know that my body is a healer  
Ooh, I love to make it

Jump, jump, jump, jump, jump, jump, jump  
Oh, you know I love to make it jump, jump, jump  
Tump, tump, tump, tump, back it up-tup  
Haibo, you know I love to make it  
Jump, jump, jump, jump, jump, jump, jump  
Oh, you know I love to make it jump, jump, jump  
Tump, tump, tump, tump, back it up-tup  
Haibo, you know I love to make it

Only gotta make a call and I'm here  
Girl, I wanna know your vibe, oh, yeah  
Listen to me, I put some carats in your ear  
Make this stick jump, I want to put it in her rear  
Wanna give D, I serve it like a dealer  
Deep in her throat while I'm digging in her middle  
I'm back in Joburg, it can't feel no realer  
A perfect picture like a Polaroid  
She a trophy, no award  
Baby sweet and tender like sirloin  
Told the chauffeur take you to a Chanel store  
Ever play with you, it be a world war

From Jozi to Ibiza

Ooh, sweating out my concealer  
Skin tight, no millimeter  
And my face card make 'em feel weaker  
But you know that my body is a healer  
Ooh, I love to make it

Jump, jump, jump, jump, jump, jump, jump

Oh, you know I love to make it jump, jump, jump  
Tump, tump, tump, tump, back it up-tup  
Haibo, you know I love to make it  
Jump, jump, jump, jump, jump, jump, jump  
Oh, you know I love to make it jump, jump, jump
