

Find a way

Tyler Blackburn

Keep me close when you go far away
Keep this light to see you through
Close your eyes to find a better way
Buried deep to something true

And I'll find a way
I'll find a way to you
I'll find a way
I'll find a way to you

And all the stars are shining in your eyes
Well all the wreckage lays to burn
Could we find a place beyond the lies
Well I'll be here when you return

Cause I'll find a way
I'll find a way to you
I'll find a way
I'll find a way to you
I'll find a way
I'll find a way to you
I'll find a way
I'll find a way to you

And hope wont change
What won't return
But I'll take the chance
So please don't turn away

I'll find a way
I'll find a way to you
I'll find a way
I'll find a way to you

I'll keep your heart
I know that you'll come through
I'll find a way
I'll find a way to you
