

Escape My Love

Tyler Carter

Hope is a scary place
This love I cannot arrest
I wish that I could see your face
No doubt in my mind, that I'm gonna make the same mistakes

The problem is people talk too much
So you're terrified
That's probably why you don't keep in touch

But you're not like them and you'll never be
I'm hoping you know that you're a part of me
But if you say you love yourself
Oh, are you wanna be somebody else?

And I can't win to save my life, life is just a day gone by
Bye-bye, baby, please run as far as you need to
Escape my love

I'm here 'cause I wanna be
Not a face, I want you wholeheartedly
Sometimes when you're lying next to me
This voice in my mind's telling me you don't wanna see

All of these people judging us
So you're terrified
But I promise that I'm not giving up

'Cause we're not like them and we'll never be
I'm hoping you know that you're a part of me
And if you say you love yourself
Why do you wanna be somebody else?

And I can't win to save my life, life is just a day gone by
Bye-bye, baby, please run as far as you need to
Escape my love

Starting over, but I don't know where to start
'Cause when you left, you forgot to leave my heart
And I know you better than you know yourself
So stop tryna be somebody else

I can't win to save my life, life is just a day gone by
Bye-bye, baby, please run as far as you need to, oh yeah
And I can't win to save my life, life is just a day gone by
And bye-bye, baby, please run as far as you need to
Escape my love
