

Glow

Tyler Carter

Living room a sauna
I'm loving the heat
We're body to body
You're sweating on me
Drinks flowing like ocean
Cheap cigarettes
Everyone shining
Even your ex

We go dumb hours after dark
Fireworks, yeah, we got the spark
Fireworks, yeah, we got the spark, ooh
We don't care 'bout the bloodshot eyes
We stay on like northern lights
We stay on like northern lights, ooh

We got that glow, glow
Throw back that So-Co
In that rojo, vasolo
We got that glow, glow
Chasing them blue dreams
And our hands high, the lights low

I'm feeling this moment
Let's put it on ice
I got the sugar, huh
You got the spice
Ladies in halos
Fellas in flames
Everyone's playing
Pleasure's the game

We go dumb hours after dark
Fireworks, yeah, we got the spark
Fireworks, yeah, we got the spark, ooh
We don't care 'bout the bloodshot eyes
We stay on like northern lights
We stay on like northern lights, ooh

We got that glow, glow
Throw back that So-Co
In that rojo, vasolo
We got that glow, glow
Chasing them blue dreams
And our hands high, the lights low

Yeah, we're brighter than ever
We're never gonna burn out too quick
And we're body to body, we're sweating
You know what it is
Yeah, we're brighter than ever
We're never gonna burn out too quick
Yeah, we glow, and we glow
And we glow

We got that glow, glow
Throw back that So-Co

In that rojo, vasolo
We got that glow, glow
Chasing them blue dreams
And our hands high, the lights low
