

# Back Home

Tyler Childers

I was meltin'  
Through the box springs  
I was drippin' on the floor  
Watchin' the dark dance surplus  
On another hotel door

Don't let me die  
Alone in this room  
Thinkin' about  
The time I've got  
Off the road back home with you

I was hurlin'

I was swingin' ceiling fans  
Cause and effect and towards  
A cold and lonley man

Don't let me die  
Alone in this room  
Thinkin' about  
The time I've got  
Off the road back home with you

Don't let me die  
Alone in this room  
Thinkin' about  
The time I've got  
Off the road back home with you

Now I'm reachin' for the bottle  
While I'm pouring over my phone  
I'm throwing down the other  
As I drain one to the bone

Don't let me die  
Alone in this room  
Thinkin' about  
The time I've got  
Off the road back home with you
