

# Oneida

Tyler Childers

Back before birthdays were something she dreads  
Back before children had settled her friends  
Back when the radio spoke to her heart  
Oh, girls they wanna have fun

I lay here awake and I laugh at her jokes  
She is referencing movies I'm too young to know  
And I'm letting her lead as we dance in the dark  
Oh girl, I'm falling in love

Oneida, I know that I'm younger than most  
But I'm willing if you've got the time  
To buy us some wine  
I've played my guitar  
I've been working on learning that song you've been dying to sing  
About weddings and rings  
I'll strum in the back and come in where I can harmonize on a line or two  
But this song's all you

Pleading my case with the bro at the door  
Buddy, I know we've been through this before  
You can't let me go in but if I wait outside  
Will you give her a message for me

Tell her, Oneida I know that I'm younger than most  
But I'm willing if you've got the time  
To buy us some wine  
I'll bring my guitar  
I've been working on learning that song you've been dying to sing  
About weddings and rings  
I'll strum in the back and come in where I can harmonize on a line or two  
But this song's all you
