

I Don't Even Want This Beer

Tyler Farr

Been on this binge for way too long
I ain't been sober since you've been gone
They say this time I'm in too deep
There's a man in the mirror but it ain't me

Here I am getting tore up on a Tuesday
Sittin' here lettin' her get to me
Tryin' to make the pain and another one disappear
I oughta be dialin' up her number
Sayin' I'm sorry, can I come over
Makes me wonder what the hell I'm doin' here
I don't even want this beer

I wonder if she's alone tonight
Thinkin' 'bout all I didn't do right
Or is she out on the town in my favorite dress
With some ol' boy tryin' his best
To get her buzzin' just enough she might say yes

Here I am getting tore up on a Tuesday
Sittin' here lettin' her get to me
Tryin' to make the pain and another one disappear
I oughta be dialin' up her number
Sayin' I'm sorry, can I come over
Makes me wonder what the hell I'm doin' here

I don't even want this beer
Don't want this high
All I want is you tonight

Here I am getting tore up on a Tuesday
Sittin' here lettin' her get to me
Tryin' to make the pain and another one disappear
I oughta be dialin' up her number
Sayin' I'm sorry, can I come over
Makes me wonder what the hell I'm doin' here
I don't even want this beer
I don't even want this beer
