

Don't Feel Like Christmas

Tyler Hilton

Blow out the candles
Throw out the wine
I'm calling off Christmas baby
Until you're mine

I don't feel the spirit
Don't feel no cheer
It don't feel like Christmas
When you're not here

Some days I wander (some days I wander)
Wander 'round blind
Love like we had girl
It's so hard to find

I don't feel the spirit
Don't feel no cheer
It don't feel like Christmas
When you're not here

Oh, gifts get their wrapping
Trees get their lights
So Santa please bring what I'm missing
Back in my life

So many tell ya (so many tell ya)
You forget over time (forget over time)
So why am I thinking
About you tonight?

I don't feel the spirit
Don't feel no cheer
It don't feel like Christmas
When you're not here

Oh, gifts get their wrapping
Trees get their lights
Oh, so Santa please bring what I'm missing
Back in my life

Send me a letter
Drop me a line
Or even better baby
Say you'll be mine all the time

So I feel the spirit
I feel the cheer
It'll finally feel like Christmas baby
When I know you're here
It'll finally feel like Christmas darlin'
Girl when I know you're here
Oh, cause it don't feel like Christmas
Cause you're not here
