

# Only Ones Left in the World

Tyler Hilton

Only Ones Left In The World

You had me bangin' at your door  
I had ya beggin' me for more  
The missin' piece to these hearts of war  
That won't be lonely anymore, anymore

They said that we could never last  
Too crazy, we'd burn out too fast  
Now when we kiss, well they can kiss our ass  
'Cause they just want what we have

'Cause we're livin' it up  
Bonnie and Clyde got nothing on us  
'Cause we're flyin' so high feel the rush  
'Cause we do what we want  
Turn the radio up  
'Cause Petty got us "Free Falling" in love  
And we dance like we're the only ones left in the world  
Oh, woah  
Oh, woah, oh  
Oh, woah  
Only ones left in the world

Burnt sunset, seaside cigarettes  
Twin tattoos #noregrets  
Roll one up, wash it down with cabernet  
And toast the day John Wayne got Juliette

Livin' it up  
Bonnie and Clyde got nothing on us  
We're flyin' so high feel the rush  
'Cause we do what we want  
Turn the radio up  
'Cause Petty got us "Free Falling" in love  
And we dance like we're the only ones left in the world

Champagne ice cream floats  
Racin' newspaper boats  
Don't matter if we're broke  
We do what we want to  
Dancin' on pool table tops  
Skinny dippin' off the rocks  
Don't care if ya like it or not  
We do what we want to

'Cause we're livin' it up  
Bonnie and Clyde got nothing on us  
We're flyin' so high feel the rush  
'Cause we do what we want  
Turn the radio up  
'Cause Petty got us "Free Falling" in love  
And we dance like we're the only ones left in the world  
Oh, woah  
Oh, woah, oh  
Oh, woah  
Only ones left in the world

Oh, woah  
Oh, woah, oh  
Oh, woah  
Only ones left in the world
