

# Forget Tonight

Tyler Hubbard

I thought it was gonna be just a two-beer Tuesday night, mhm  
Another tip in a jar at a bar I've been a million times, yeah  
But then you walked in, now 10:37 is burned in the back of my mind

I remember the pink in your rosé, our crazy conversation  
The jacket 'round your waist, the song the band was playin'  
And then when it was over, girl, you kept on holdin' me tight  
And I said, "We won't forget tonight"  
The way you laughed when I, I spilled my whiskey  
I can't believe I asked, you said, "Shut up and kiss me"  
You told me I was crazy, baby, but you knew I was right  
When I said, "We won't forget tonight"  
We won't forget tonight

Still got the scuffs on my boots where you stood on 'em while we danced  
I saved your number in my phone under "Angel" and it made ya laugh  
I said, "Look around, it's the first night of forever but it sure won't be the last"

I remember the pink in your rosé, our crazy conversation  
The jacket 'round your waist, the song the band was playin'  
And then when it was over, girl, you kept on holdin' me tight  
And I said, "We won't forget tonight"  
The way you laughed when I, I spilled my whiskey  
I can't believe I asked, you said, "Shut up and kiss me"  
You told me I was crazy, baby, but you knew I was right  
When I said, "We won't forget tonight"

We won't forget tonight  
Nah, we won't forget it  
We won't forget it  
We won't forget tonight  
(Oh, we won't forget it, nah, we won't forget it tonight)

The way you laughed when I, I spilled my whiskey  
I can't believe I asked, you said, "Shut up and kiss me" (Shut up and kiss me)  
You told me I was crazy, baby, but you knew I was right  
When I said, "We won't forget tonight"
