

Me For Me

Tyler Hubbard

I drive my truck too high
I like my songs up loud
Go out on Friday night
And run around with the rowdy crowd

I ain't your typical
Half the time, I'm difficult
And I can be a tough one to love, but

She loves me for me
Just as country as can be
Little rough around the edges
Like the holes in these old jeans
Ain't askin' me to change nothin'
Far as I can see
She don't want nobody different
No one else I gotta be, naw
She loves me for me (She loves me)
She loves me for me (She loves me)
Yeah, she does

(Yeah)
Some days I waste my time
Some weeks I work too long
Sometimes I speak my mind
When I should just leave it alone

I ain't your typical
Half the time I'm difficult
And I can be a tough one to love, but

She loves me for me
Just as country as can be
Little rough around the edges
Like the holes in these old jeans
Ain't askin' me to change nothin'
Far as I can see
She don't want nobody different
No one else I gotta be
She loves me for me

She likes my tattoos
And my long hair
And my dance moves
And my don't care
What anybody else besides her thinks

She loves me for me
Just as country as can be
Rough around the edges
Like the holes in these old jeans
Ain't askin' me to change nothin'
Far as I can see
She don't want nobody different
No one else I gotta be, naw
She loves me for me (She loves me)
Oh yeah, she loves me for me (She loves me)

Yeah, she does

She likes my tattoos

And my long hair

And my dance moves

And my don't care

What anybody else besides her thinks (She loves me)

She loves me for me

(She loves me for me)
