

# Turn

Tyler Hubbard

Yeah, whatchu know about a one-light, cattle town  
Instead of pavin' the roads, they just throw gravel down  
It's where we turn coffee-can cash into gas and beer  
The middle of nowhere to "glad you're here"  
The fast lane into slow-down (Slow-down)  
It's where you live and you learn how

To turn grass into dirt  
Turn seeds into rows  
Prayers into rain  
Turn tires off a road  
Dust into clouds  
When the sun turns red  
Turn a hand-me-down Chevy  
To a creekside bed  
Headlights burnin'  
Radio's workin'  
Her sweet smile's gettin'  
Some ol' boy turnin'  
That midnight kiss  
Into those three words  
A girl like her  
Will make your whole world  
Turn

The way she turns 501s  
Into long, tan legs  
She can turn a bad day around  
Like she turns those heads, yeah  
She can turn one little look  
Into turnin' me on  
Five more minutes into all night long  
I'm holdin' onto heaven down here  
On a tailgate date way out where

We turn grass into dirt  
Turn seeds into rows  
Prayers into rain  
Turn tires off a road  
Dust into clouds  
When the sun turns red  
Turn a hand-me-down Chevy  
To a creekside bed  
Headlights burnin'  
Radio's workin'  
Her sweet smile's gettin'  
Some ol' boy turnin'  
That midnight kiss  
Into those three words  
A girl like her  
Will make your whole world  
Turn

Oooh  
All it takes is just one look in those brown eyes  
Oooh  
To get a taste of the good life

And turn a rock from the ground  
To a ring on her hand  
A house to a home  
On a little piece of land

Where we turn grass into dirt  
And seeds into rows (Seeds into rows)  
Prayers into rain  
Turn tires off a road  
Dust into clouds  
When the sun turns red  
Turn a hand-me-down Chevy  
To a creekside bed (Creekside bed)  
Headlights burnin'  
Radio's workin'  
Her sweet smile's gettin'  
Some ol' boy turnin'  
That midnight kiss  
Into those three words (Those three words)  
A girl like her  
Will make your whole world  
Turn

A girl like her  
Will make your whole world turn, yeah (Yes, she will)  
Will make your whole world turn
