

# Take It Or Leave It

Tyler Rich

I know I just met you  
But I can't forget you  
I don't wanna let you go  
Girl, there's no pressure  
It's just whatever you want

Yeah I'll be right here waitin'  
With my mind racin'  
Well, either way, babe  
It's your call

If you want that fire I'll bring it  
If you wanna feel that high I'll be there  
If you want that all night close your eyes  
Baby let's dream it  
Yeah but this could be more than only  
Chasin', way lonely  
More than a one time  
Your heart on mine beatin'

Take it or leave it  
Take it or leave it

There's something about you  
And I don't know how to  
Say this without soundin' crazy  
But I'm up on this feelin'  
And all that I'm seein'  
Is us, baby

If you want that fire I'll bring it  
If you wanna feel that high I'll be there  
If you want that all night close your eyes  
Baby let's dream it  
Yeah but this could be more than only  
Chasin', way lonely  
More than a one time  
Your heart on mine beatin'

Take it or leave it  
Take it or leave it

If you want that high we'll light it  
If you want that slow, we'll ride it  
If you want that all night  
Yeah you know where to find it

If you want that fire I'll bring it  
If you wanna feel that high I'll be there  
If you want that all night close your eyes  
Baby let's dream it  
Yeah but this could be more than only  
Chasin', way lonely  
More than a one time  
Your heart on mine beatin'

Take it or leave it

Yeah baby take it or leave it
