

# Christmas in Your Eyes

Tyler Shaw

Diamond eyes  
Standing under Christmas lights  
Presents underneath our tree  
We only got one more sleep  
Santa's playing his guitar  
Angels singing like a choir  
Singing those Christmas songs  
Getting everyone to sing along

Tonight, It's you and me  
Got you wrapped up in my arms, slow dancing round the Christmas tree  
Oh tonight, let's just dream  
Watching snowfall through the windowpane, right where I wanna be  
Seeing Christmas in your eyes

Yeah we'll sing, and we'll shout  
Live every day, like, we're living them now  
Yeah we'll laugh, till we cry  
Live every day, like, we're living tonight  
Seeing Christmas in your eyes

It's you and me  
Got you wrapped up in my arms, slow dancing, round the Christmas tree  
Oh tonight, let's just dream  
Watching snowfall through the windowpane, right where I wanna be  
Seeing Christmas in your eyes

Yeah we'll sing, and we'll shout  
Live every day, like, we're living them now  
Yeah we'll laugh, till we cry  
Live every day, like, we're living tonight  
Seeing Christmas in your eyes
