Help Me

Tyler Shaw

On the dark side, a long night
Can't get out of my own head
And I can't see, it's too deep
In this water I can't tread

I cannot take it no more
Feelings will not be ignored
Help me, help me

Brother, can you lend a helping hand?
I can hardly stand alone
Please don't let me fall below, fall below
Help me, help me, help me, help me
Help me, help me, help me, help me

Into my life, there's a warm light
If only I was bold, I'm just one man
These hands cannot seem to hold

I am not looking to run
This I must now overcome
So help me, just help me

Brother, break out of my soul
You're the only one who knows
Out of anyone I'll ever know, ever know
Help me, help me, help me, help me
Help me, help me, help me, help me

Brothers, help me heal my soul
Can you give at all?
Can you give at all, no?
I said brothers, can you ease my mind?
Are you on my side?
Are you on my side?

Help me, help me
Oh help me, oh help me
Help me, help me
I am lost, I am so lost
I am so lost, help me
Help me
