

# One Wish

Tyler Shaw

Eyes closed, blow the candles out  
Another year you're not with me  
It's not time  
Don't let it go, you're givin' up on the dream  
Life's too short to play these games  
I know deep down you feel the same  
So let's escape, slip away  
I can't wait another day

If I had one wish, you'd be in my arms  
Just one kiss  
We'd be singing out like, oh, oh, oh  
Singin' out like, oh, oh, oh  
Baby if I had one wish, you'd be in my arms  
Just one kiss  
We'd be singing out like, oh, oh, oh  
Singin' out like, oh, oh, oh  
Baby if I had just one wish

When I look at you smile  
There's more than a smile starring back at me  
Then I look at those eyes  
I feel like there's a lot more behind the scenes  
Life's too short to play these games  
I know deep down you feel the same  
So let's escape, slip away  
I can't wait another day

If I had one wish, you'd be in my arms  
Just one kiss  
We'd be singing out like, oh, oh, oh  
Singin' out like, oh, oh, oh  
Baby if I had one wish, you'd be in my arms  
Just one kiss  
We'd be singing out like, oh, oh, oh  
Singin' out like, oh, oh, oh  
Baby if I had just one wish

You and I know, this is bigger than you and me (bigger than you and me)  
Baby it shows, he'll never be all you need  
Life's too short to waste the days  
I know right now you feel the same  
And I can't wait, I can't wait another day

If I had one wish, you'd be in my arms  
Just one kiss  
We'd be singing out like, oh, oh, oh  
Singin' out like, oh, oh, oh  
Baby if I had just one wish, you'd be in my arms  
Just one kiss  
We'd be singing out like, oh, oh, oh  
Singin' out like, oh, oh, oh  
Baby if I had just one wish

Baby if I had just one wish  
Baby if I had just one wish
