

Showtime

Tyler Shaw

I got my game shoes on
I'm gonna get up and go do my job
I won't stop until I reach the top
Cause winning is all I do, yeah

And if you push me down
I'm gonna get up and shake your ground
It's too late to stop me now
Cause winning is all I do, yeah

I feel it in my veins and I'm ready to go
Adrenaline is pumping from my head to my toes
I'm stepping up strong like a King on his throne
Nice turn on and I'm ready to go

It's showtime
If you want to go get it
You got to give it all you got and more
It's showtime
Ready or not
You better fight harder than before
It's your time

Now keep your eyes on the prize
No matter what will put a very good fight
Do what I got to do to survive
Cause winning is all I do, yeah

Be confident
Cause this moment may never come again
You better give a 110%
Cause winning is all I do

I feel it in my veins and I'm ready to go
Adrenaline is pumping from my head to my toes
I'm stepping up strong like a King on his throne
Nice turn on and I'm ready to go

It's showtime
If you want to go get it
You got to give it all you got and more
It's showtime
Ready or not
You better fight harder than before

It's showtime
If you want to go get it
You got to give it all you got and more
It's showtime
Ready or not
You better fight harder than before

Come on
(Oh oh oh oh oh oh) Yeah
(Oh oh oh oh oh oh)
Everybody come on
(Oh oh oh oh oh oh) It's showtime

(Oh oh oh oh oh oh oh) Yeah
Yeah!

I feel it in my veins and I'm ready to go
Adrenaline is pumping from my head to my toes
I'm stepping up strong like a King on his throne
Nice turn on and I'm ready to go

It's showtime
If you want to go get it
You got to give it all you got and more
It's showtime
Ready or not
You better fight harder than before
