

# Wicked

Tyler Shaw

Friday, in the underground  
I'm in London, lost in the crowd  
n' I see you, ya I see you  
Stylin', with that confidence  
When you're smilin', I don't stand a chance  
But I see you, baby I see you

Tell me, how would you feel if I ever come and talk to you  
My mind is tellin' me somethin', is tellin' me to make a move  
I swear, don't usually do this, but something's comin' over me  
But I can't hide the way I'm feeling  
You're wicked when you work it out

Oh, oh, you're wicked when you work it  
Oh, oh, you're wicked when you work it out  
Not tryin' to get with you  
Just tryin' to figure you out now  
Oh, oh, you're wicked when you work it  
Oh, oh, you're wicked when you work it out  
Not trying to play your heart  
Just tryin' to figure you out now

Dyin', for this kind of love  
And you're flying, so high above  
And I need you, Ya, I need you  
So hazy, wen you feel like this  
It's so crazy, but you're worth the risk  
I need you, ya, baby I need you

Tell me, how would you feel if I ever come and talk to you  
My mind is tellin' me somethin', is tellin' me to make a move  
I swear, don't usually do this, but something's comin' over me  
But I can't hide the way I'm feeling  
You're wicked when you work it out

Oh, oh, you're wicked when you work it  
Oh, oh, you're wicked when you work it out  
Not tryin' to get with you  
Just tryin' to figure you out now  
Oh, oh, you're wicked when you work it  
Oh, oh, you're wicked when you work it out  
Not trying to play your heart  
Just tryin' to figure you out now

I can't fight the way I'm feelin', want you everyday  
I can't fight the way I'm feelin', want you everyway

Oh, oh, you're wicked when you work it  
Oh, oh, you're wicked when you work it out  
Not tryin' to get with you  
Just tryin' to figure you out now  
Oh, oh, you're wicked when you work it  
Oh, oh, you're wicked when you work it out  
Not trying to play your heart  
Just tryin' to figure you out now

So good, so high, so crazy

So good, so high, so crazy  
So good, so high, so crazy  
Yeah, yeah

So good, so high, so crazy  
So good, so high, so crazy  
So good, so high, so crazy  
Yeah, yeah

Wicked when you work it out
