

Yeah, Ayo

I put the feline in my hair  
Looking like a cheetah pet  
And you know they getting green  
If a flower on their neck  
If a flower on their neck  
Hit clancy on the text  
I ain't tryna check a bag  
Can we get another jet?  
I ain't gas niggas up  
But that fuel is 50 grand  
Passionfruit in Dominican Rupublic  
Had me dripping in the sand  
New nigga from New York  
Ima give him sticky hands  
Sticky fingers from the green  
Jasper playing with them grams  
They was playing at the grams  
One nom ain't enough  
I'm a make sure that that shit don't happen again  
Golf boys, it's them golf boys  
In that 12 seater wings looking like a hawk boy  
Getting to the paper better reup on the chalk board  
Because the student turned into the teacher  
Don't talk boy, class in session

I'm a god nigga ask your reverend  
And that crib in Bel-Air is heaven  
Hot-coco outta chinas nigga pass the beverage

Haters with the long face  
New whip is pirelli tire'd like a long day  
Big dollars, the scent Prada  
Skinny nigga also big poppa, women they adore me  
If you see me out in public, no pictures don't record me  
I dont really fuck with yall nigga, selfish at the orgy
