

## Rotten Sarah

Tyler, the Creator

Cold blood  
Green eyes with mute body filled with old drugs  
Dead body laying next to Sarah, finally together  
Truthfully, I kinda like this a little better  
Now we floating our spirits the dead, you can hear it  
You call her stands up when you're near it  
You can feel it on your mark, see it in the dark  
Homicidal, I never had a fucking heart  
And she tried tear us apart  
She beg me to stop and I didn't even start (Sarah)

And Sarah stays rotten in my base  
And Sarah stays rotten in my base  
And Sarah stays rotten in my base  
In this book of love, seen the look of her face  
And Sarah stays rotten in my base  
And Sarah stays rotten in my base  
And Sarah stays rotten in my base  
In the book of love, you should have seen the look on her face  
And Sarah stays rotten in my base

Sarah  
Forever  
Tyler, The Creator  
I love you
